### Disease/Treatment Claims:

Product listing contains the following link, [Can you use Phenibut to cure a hangover?](#), which takes users to the a blog entry with the following claims:

- Can you use Phenibut to cure a hangover? Phenibut is commonly used as an effective anti-stress product, and sometimes as a hangover cure”<sup>2</sup>
- “Can Phenibut help with a hangover? Yes! Phenibut’s main effects include reducing stress and promoting a feeling of calmness and serenity. Hangovers often leave you feeling low, depressed, and anxious, and this is exactly where Phenibut comes in. Another important factor is that Phenibut is able to reduce the sensations of pain, by targeting GABA-B receptors.”<sup>3</sup>
